# THANK YOU!

Giving our thanks does not even begin to cover how deeply grateful we are for all of you! 2022 was an amazing year for us personally, and for Self-Evident as an organization. We could not have done it without your prayers, support, encouragement, and help.

We saw God move mightily in people's lives, touch countless hearts, and open incredible doors. Your willingness to be laborers alongside us, whether, through provision, efforts or prayers, made our effectiveness for the Kingdom possible.

Many would look at what transpired over the past year and exclaim that we, as a family and a ministry, had a "rough year." And while that may be true, we can enthusiastically proclaim that God did incredible things through those rough patches! Because of this past year, He has grown our intimacy with Him to a whole new level.

Within a three-month period, Cari's dad passed away, her sister and she were forced to place their mother in an assisted living facility due to the beginning stages of dementia, sold their parent's (and childhood) home of 40 years, and had to plan the funeral.

A few weeks after, Cari began experiencing tough health issues and underwent emergency surgery. The diagnosis was stage 3 colon cancer. She immediately started a 6-month chemo treatment plan.

However, the Lord remained faithful through it all. Halfway through the chemo treatment, Cari was fully healed by the Lord and completely cancer-free. We remain awed by His miraculous power!

Despite everything, Massey and Cari felt strongly that God had called them to minister and preach His word and power. No attack of the enemy would stop God's calling.

Since Cari could not travel this year, Mike Sonneveldt became Massey's travel and ministering partner. This year our entire team stepped up and took on a greater desire to see God glorified. It truly was amazing to experience, and we've been blessed to see the fruit of His work.

Simply put, 2022 was a year of perseverance and moving forward in faith, not reason. As a result, we witnessed God move in completely new ways. This past year has left us all with a stronger desire to see God glorified and a stronger desire to see this nation brought back to Him and His ways.

We hope you will join us for what God is aligning in 2023!

INTO 2023 **\$75K**

# 2022

Looking at the breakdown of all the Lord did in 2022 reminds us that he does mighty things even in the seasons when it seems impossible. This is just a fraction of what we saw God orchestrate, but it doesn't personalize it all. It doesn't show the faces of those ministered to, prophesied over, or prayed for. It doesn't show the individual communities protected from the socialist agenda. It doesn't show the students/families who are learning the ins and outs of the Constitution, their rights, and so much more. We wish you all could come with us to experience firsthand some of these amazing things,

**Reached New State: Georgia**

# LOCAL POLITICS

This year we had the honor and privilege to fight against systemic tyranny on the ground-level with some incredible and bold leaders who are taking the ground for liberty!

We partnered with local candidates running for office and saw them shine as they spoke about their calling to run, signed petitions, and fought back!

We saw hundreds of people show up to the Truth to Power Conference hungry and ready to learn.

Amy Pritchett (pictured here on our podcast) was elected recently to the Martin County school board. Amy attends our church, Revive Church in Stuart, FL. Having never run for political office before she questioned the unction she felt to run for school board. However, God saw fit to lead her to enter the race and win.

We also had the great opportunity to work alongside some amazing candidates in southern Florida, as well as Texas. It is so refreshing to see families and individuals sacrifice so much to run for office in order to preserve the freedom we all love. It's one of the ways we know that freedom is alive and well.

**1 FEDERAL REP**  
**4 STATE REPS**

JOHNSON**

# IF YOU NEED JUST ONE REASON TO GIVE FOR 2023

**"I came for a government class,  
and you made me realize I was a  
sinner."**

This year while Massey & Mike were at  
the Great Homeschool Convention in  
Cincinnati, OH.

This young man came up for prayer  
after one of our classes. He said, "I  
came for a government class, and you  
made me realize I was a sinner."

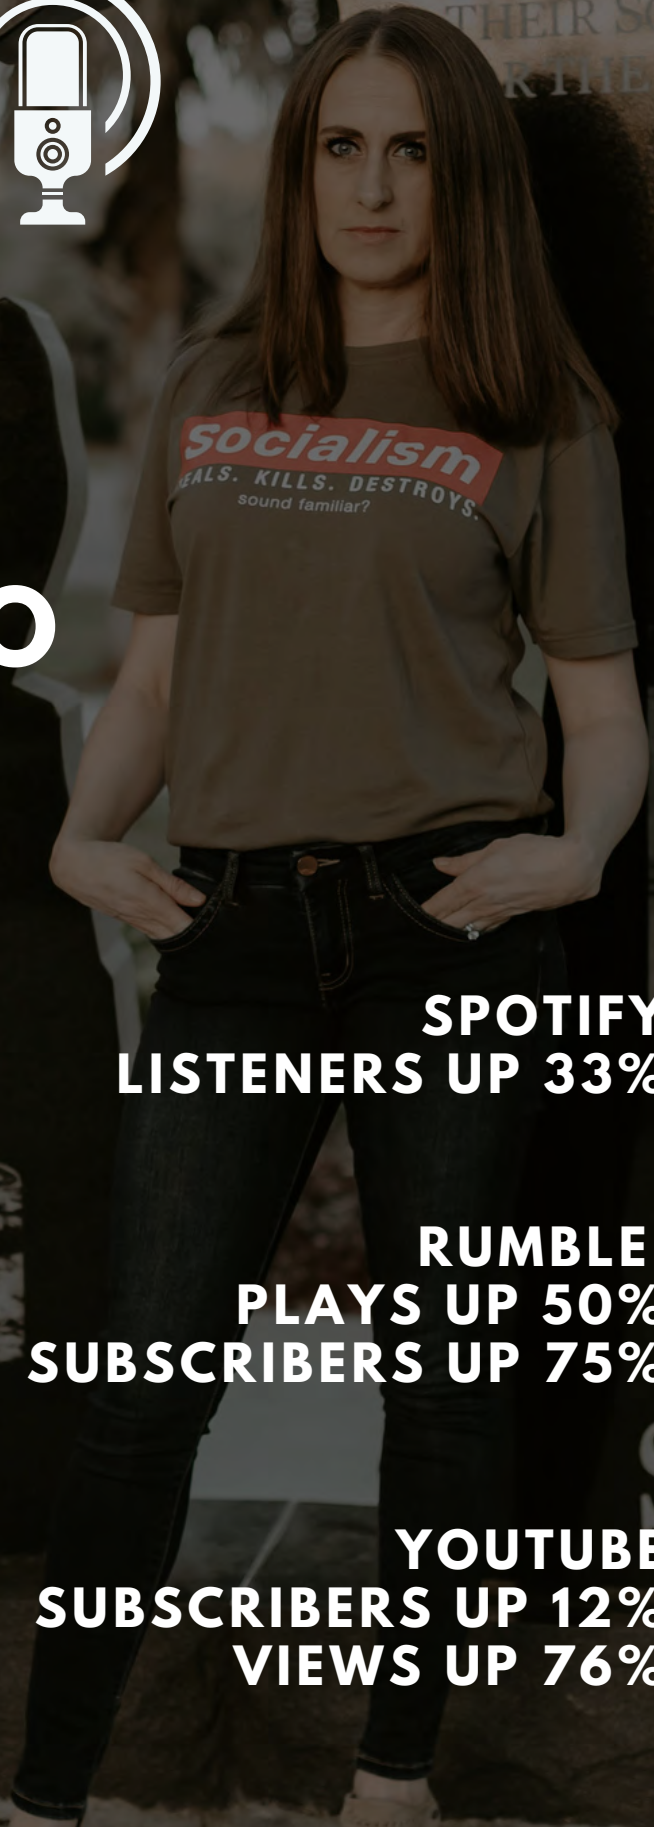

He repented, and Heaven gained  
another!

This is why Self-Evident Ministry  
exists. When you sow into us, this is  
the fruit we are chasing after! This is the  
fruit you are sowing into.

## Help Us Reach Our Goals for 2023

Our need to launch into 2023 is \$75,000. As Self-Evident continues to grow and reach more people and families we are asking that you will partner with us both financially and through prayer. These last few years have shown us more than ever that people need a touch from God, need education about who He is, and what true liberty is. Your donation allows us the ability to successfully travel and minister, provides for creating continued education, and helps spread awareness in our nation of their God given liberties, and helps people get more involved in keeping America constitutional.

2023 is looking like a fun year for Self-Evident. With a new book coming out, a huge focus on outreach to youth, new curriculum for elementary-age children, new merch, and a focus on growing our online outreach we have a lot of work to do, and a lot of trusting in the Lord to do. There is no group of people we'd rather do all this with than you. You are the very reason we are able to reach these people/families.

# TRIBALISM BOOK

---

We're watching our nation pulled at the seams between tribes and divisions. We've witnessed tribalism also plague the church, and we can't help but wonder: is this how it's supposed to be?

Here at Self-Evident, we sincerely believe the answer is: NO! Our Tribalism book dives into the causes of tribalism in America, the major issues we face as a body and as a nation, and gives the answers needed to bring unity back to our church and the nation.

# CHURCH LIBERATED BOOK

---

Church members are told not to get involved in government by voices around them. Society, government, pastors, and other members believe that Romans 13 and the separation of church and state force the body to stay silent and submit. Church Liberated will give you the confidence needed to understand the full context of Romans 13, the truth behind the separation of church and state, and the biblical role of the church in government, and will remind you of your duty to stand up for righteousness. It's time for pastors and the body to be equipped with the knowledge needed to be a light in our culture.

# ELEMENTARY CONSTITUTION COURSE

---

After the success of our Constitution Curriculum, we couldn't help but notice that there are plenty of Constitution and American history courses for kids...but none with the Self-Evident touch. This next year, we will be producing and launching our very own elementary-age Constitution curriculum, which will intertwine American history with the American government system and teach your kids how to defend what the founders gave us. Not only that, but at the center of everything Self-Evident does is the gospel, and we will not shrink from providing the history of God's influence on our nation and our history!
